

Department of Defense

# DIRECTIVE

**NUMBER 7640.2**

February 12, 1988

---

---

Incorporating Change 1, August 16, 1995  
IG, DoD

SUBJECT: Policy for Follow-up on Contract Audit Reports

References: (a) DoD Directive 7640.2, "Policy for Follow-up on Contract Audit Reports," July 18, 1986 (hereby canceled)  
(b) Office of Management and Budget (OMB) Circular A-50 (Revised), "Audit Follow-up," September 29, 1982  
(c) DoD Directive 7650.3, "Follow-up on General Accounting Office, DoD Inspector General, Internal Audit and Internal Review Reports," *September 5, 1989*  
(d) DoD Instruction 7600.2, "Audit Policies," *February 2, 1991*  
(e) through (i), see enclosure 1

## 1. REISSUANCE AND PURPOSE

This Directive:

1.1. Reissues reference (a) to clarify responsibilities, reporting requirements, and follow-up procedures on contract and grant audits conducted by the Defense Contract Audit Agency (DCAA) and the Army Corps of Engineers, *and Contractor Insurance/Pension reviews conducted by the Defense Logistics Agency (DLA).*

1.2. Implements reference (b).

## 2. APPLICABILITY AND SCOPE

2.1. This Directive applies to the Office of the Secretary of Defense (OSD), the Military Departments, and the Defense Agencies (hereafter referred to collectively as "DoD Components").

2.2. Its provisions do not apply to the reports of the General Accounting Office (GAO), the Inspector General, Department of Defense (IG, DoD), and other DoD internal audit organizations. Follow-up policies and procedures for the reports of those organizations are contained in reference (c); however, the IG, DoD, and contract audit follow-up officials may formulate special procedures for follow-up on defective pricing reports of the IG, DoD, and the GAO.

### 3. DEFINITIONS

Terms used in this Directive are defined in enclosure 2.

### 4. POLICY

4.1. The responsibility for reaching agreement with the contractor is the contracting officer's, and he or she has wide latitude and discretion in that regard. The Department of Defense recognizes, under OMB Circular A-50 and DoD Instruction 7600.2 (references (b) and (d)), the need for contracting officers to give full consideration to contract audit advice and to document the disposition of audit recommendations. The contract audit follow-up system shall be structured in consonance with the independent, decision-making role of contracting officer and the financial advisory role of the contract auditor.

4.2. To accommodate the variances between contract audit reports and internal audit reports, this Directive prescribes special guidance for contract audit resolution, disposition, tracking, and follow-up status reporting.

4.3. In accordance with reference (b), the resolution and disposition of all contract audit reports shall be consistent with legal statutes, regulations, and DoD policy.

### 5. RESPONSIBILITIES

5.1. The Inspector General, DoD, (IG, DoD), *in accordance with DoD Directive 5106.1 (reference (e))*, shall develop contract audit follow-up policy, and shall monitor, coordinate, and evaluate contract audit follow-up systems in the Department of Defense. In discharging this responsibility, the IG shall:

5.1.1. Develop policy and provide guidance to the DoD Components on matters covered under this Directive.

5.1.2. Monitor and evaluate program performance to ensure that the DoD Components and contract audit organizations effectively carry out their contract audit follow-up responsibilities in accordance with this Directive.

5.1.3. Identify cases or areas where contract audit follow-up procedures can be improved and recommend appropriate corrective action to the DoD Component Head concerned.

5.1.4. Provide periodic reports on the status of DoD contract audit follow-up efforts, including those required by OMB Circular A-50 (reference (b)), to the Secretary of Defense.

5.2. The Secretaries of the Military Departments and the Directors of the Defense Agencies shall:

5.2.1. Designate a contract audit follow-up official to manage their Component's contract audit follow-up program.

5.2.2. Establish procedures as prescribed by Federal Acquisition Regulation (FAR) 15.807 (reference (e)), whereby contracting officers shall fully consider contract audit advice in the course of determining pre-negotiation positions that are subject to DoD Component review and clearance processes.

5.2.3. Direct periodic evaluations of their Component's follow-up systems to determine whether the systems are adequate and result in timely, appropriate resolution and disposition of audit reports.

5.2.4. Ensure that performance appraisals of appropriate acquisition officials reflect their effectiveness in resolving and dispositioning audit findings and recommendations in a timely manner, while fully protecting the Government's interest.

5.2.5. Establish procedures for maintenance of up-to-date records on all applicable contract audit reports covered in paragraph E4.1.2., enclosure 4, of this Directive from receipt through disposition. For open reports, this includes written milestone plans for resolution and disposition as required by the Status Report on Specified Contract Audit Reports, attachment 1 to enclosure 3.

5.2.6. Establish procedures to monitor and ensure the proper, timely resolution, and disposition of contract audit reports.

5.2.7. Establish procedures to ensure that the DoD Component's semiannual contract audit follow-up status report is prepared and submitted to the OIG in accordance with the procedures in paragraph 6.3., below, and enclosure 3 of this Directive.

5.2.8. Ensure that acquisition personnel in their Component are adequately trained in the utilization of contract audit reports and the requirements of the contract audit follow-up program.

5.3. The Director, Defense Contract Audit Agency (DCAA), and the Heads of the Other Contract Audit Organizations shall:

5.3.1. Provide timely and complete responses to any contracting officer or review official who requests factual information or further audit opinions regarding the audit issues under review.

5.3.2. Provide timely and complete support to the IG and any internal audit organization reviewing a DoD Component's contract audit follow-up system, in accordance with DoD Instruction 7600.2 (reference (d)).

5.3.3. Utilize the feedback provided by the contracting officials, including final disposition and negotiating memoranda, to analyze and improve audit procedures and practices.

5.3.4. Identify those contract audit reports that are reportable under *paragraph 6.3., below, to the applicable DoD Component in a monthly electronic or hard copy report. The report shall include the activity address number (Appendix G of DFARS (reference (g)) or the DoD Activity Address Code (DODAAC) for each report issued.*

5.3.5. Forward all audit reports on auditor-determined, final indirect cost *rates to the cognizant administrative contracting officer for resolution and disposition* when agreement cannot be reached with the contractor.

5.4. *The Director, Defense Logistics Agency (DLA) shall identify to the DoD Components those Contractor Insurance/Pension Reviews (CIPRs) that are reportable under paragraph 6.3., below.*

6. PROCEDURES

6.1. General. Contracting officers and acquisition management officials shall pursue timely, proper resolution and disposition of contract audit reports. Resolution of contract audit reports, other than pre-awards, is *required by Pub. L. 96-527 (reference (h)), as well as by OMB Circular A-50 (reference (b)), within 6 months of report issuance. OMB Circular A-50, paragraph 10 specifically exempts pre-award audits from the resolution time limits and reporting requirements.* Disposition should take place as soon as possible after resolution.

6.2. Tracking Requirements

6.2.1. All contract audit reports are to be tracked; however, only the reports specified in subparagraph 6.3.1., below, are to be reported. For pre-award contract audits, specified in subparagraph 6.3.2., below, tracking may be accomplished using records maintained in official contract files.

6.2.2. Individual procurement or contract administration offices shall track and report the status of all specified contract audit reports from the date of receipt through final disposition. This information shall be maintained on a current basis and shall serve as the source document for follow-up status reports. *Although the audit organization shall identify reportable contract audits, the procurement or contract administration office is ultimately responsible for reporting all audits meeting the criteria identified in subparagraph 6.3.1., below.* Audit reports shall be dropped from the tracking system in the reporting period following closure.

6.3. Reporting Requirements. The DoD acquisition and contract administration organizations shall maintain timely and complete information regarding the status of reportable contract audit reports from the time the report is received through final disposition. For auditor determined final indirect cost rate reports, a report is considered received for follow-up tracking purposes when it is received by the cognizant Administrative Contracting Officer (ACO) for resolution and disposition.

6.3.1. Reportable Audits include:

6.3.1.1. Those containing findings and recommendations, whether or not *the findings are qualified, covering estimating system surveys, accounting and related internal control system reviews, defective pricing reviews, cost accounting standards (CAS) issues, and CAS cost impact statement reviews.*

6.3.1.2. *Those covering operations reviews, incurred costs including final indirect cost rates or auditor-determined final indirect cost rates referred to the ACO for final decision, final pricing submissions, termination settlement proposals, and claims, if reported costs or rates questioned or qualified equal \$100,000 for more.*

6.3.1.3. *Those CIPR reports issued by the DLA identifying instances of contractor noncompliance with CAS, and all CIPR reports with questioned or qualified costs of \$100,000 or more.*

6.3.2. Non-reportable Audits. Reports covering pre-award proposals; forward pricing labor, overhead, and other advance rate proposals; progress payments; pre-award surveys; proposals for change orders or modifications; assist audits; and closing statements are not to be reported. Should such audits contain reportable findings and recommendations, they are not to be treated as a reportable audit; however, if deemed appropriate, the contracting officer should request the DCAA issue a separate audit report addressing the reportable issues in detail. Reports containing only positive findings and recommendations, such as recommending that a contractor's proposed cost accounting standards change be approved, are not to be reported. Any interim report that will be incorporated into a future report shall not be reported. Final indirect cost audits that are auditor-determined are not to be reported if the auditor is successful in reaching an agreement on the rate(s) with the contractor.

6.3.3. *The DCAA shall provide to the applicable DoD Component a monthly electronic or hard copy report listing all reportable contract audit reports issued during the prior month. The report shall be furnished not later than 19 calendar days after the close of each month.*

6.3.4. The DoD Components shall submit reports on the status of reportable contract audits *and CIPRs semiannually to the IG, DOD, within 30-calendar days* of the end of the 6-month periods ending March 31 and September 30. The required formats are on attachments 1 and 2 to enclosure 3. These reports shall include the following data:

6.3.4.1. For Open Reports. The report number, report date, contractor name, type of audit, costs questioned or cost avoidance, Armed Services Board of *Contract Appeals (ASBCA) docket number (United States Court of Federal Claims case number) when litigation involves matters identified in the report*, whether the report is resolved or unresolved, resolution target date, and disposition target date. *For superseding audits, also include the date of the original audit report that first identified any issue that is still open and included in the superseding or supplemental audit report* (attachment 1, enclosure 3).

6.3.4.2. For reports closed during the reporting period. The report number, report date, contractor name, type of audit, date of disposition, costs questioned or potential cost avoidance, and costs questioned or avoidance sustained. Costs questioned and sustained shall be reported as zero *when a report is superseded, replaced, or incorporated into a new report and the date of the superseding report will be shown in the Date of Disposition column* (attachment 2, enclosure 3).

#### 6.4. Resolution of Contract Audit Reports

6.4.1. The DoD Component procedures for documenting and reviewing proposed pre-negotiation objectives shall provide the independent review for internal control purposes prescribed by OMB Circular A-50 (reference (b)). For most contract audit reports, the contracting officer should obtain contractor comments, and such technical advice deemed necessary, prior to formulating a pre-negotiation position. The additional information shall be shared with the auditor, as appropriate. If additional audit effort is required because of data presented by the contractor, the contracting officer shall promptly request such a review and the audit organization shall give priority to providing the necessary additional audit support. If no additional audit effort is deemed necessary, the contracting officer shall communicate with the auditor on the proposed disposition, as necessary, to reach a fully informed decision. *Resolution must be supported by written documentation.* In documenting his or her pre-negotiation position, the contracting officer should indicate whether the audit recommendations were accepted or, if not, whether the auditor has revised them. When the contracting officer disagrees with the audit position, the contracting officer's pre-negotiation documentation should include the rationale for not accepting the audit advice.

6.4.2. For auditor-determined indirect cost rates, the auditor shall seek agreement with the contractor upon completion of the audit. If agreement is reached, the contractor and auditor execute a written understanding setting forth the final rates. If agreement is not reached, the auditor shall issue a notice of costs suspended and/or disapproved, and advise the contractor of its right to submit a claim to the ACO for any disapproved costs. *In accordance with FAR 42.705-2(v) (reference (f)) and DFARS 242.705-2(v) (reference (g)), the auditor shall then refer the matter to the ACO to resolve the disagreement.* If the ACO disagrees with the audit recommendations, he/she complies with the procedures prescribed by his/her DoD Component for documentation and review prior to disposition. If the ACO agrees with the audit recommendations, he/she issues a final decision, after complying with the procedures prescribed by his/her DoD Component for documentation and review.

#### 6.5. Notification of Final Disposition of Contract Audit Reports

6.5.1. Explicit and timely documentation and feedback on the final disposition of audit reports are essential. Therefore, the contracting officer shall promptly prepare a memorandum covering the disposition of all reports. The memorandum shall discuss the disposition of all recommendations and questioned and/or qualified amounts, including the underlying rationale for such dispositions. *A copy of the memorandum shall be provided to the cognizant contract auditor when an audit report is closed.*

6.5.2. Existing feedback mechanisms, such as a price negotiation memorandum, FAR 15.808(a) (reference (f)) and DFARS 15.808 (reference (g)), or negotiation memorandum of final indirect cost rates, FAR 42-705-1(b)(5)(iii) (reference (f)) should be use, when applicable, to notify the cognizant contract audit office of dispositioned audits. For all other actions, a similar document shall be prepared. To ensure that the final disposition of all audit reports is properly accounted for, the procurement or administrative contracting officer shall notify the cognizant audit office in writing of the cancellation of any acquisition action and of any unsuccessful offerors not receiving award of the contract or grant for which an audit report was issued.

6.6. Recovery of Funds. *Policies regarding the collection of contract debts are contained in FAR 32.6 (reference (f)) and DFARS 232.6 (reference (g)) for contract debts.* Any amount due the Government as a result of a contract audit is to be determined by the contracting officer negotiating a settlement with the contractor or by the contracting officer issuing a unilateral decision when negotiations are unsuccessful. *Upon completion of either action, a written demand for payment should be made promptly by the contracting officer, citing the amount due, with a copy of the demand provided to the payment office cited in the contract. In accordance with FAR 32.610(b) (reference (f)), unless the contract is excluded under FAR 32.617, or the contract debt has been exempted from interest charges under agency procedures, the demand should include notification that any amounts not paid within 30-calendar days from the date of the demand will accrue interest from the date of the demand, or from any earlier date specified in the contract. FAR 32.610(b) (reference (f)) also states that the interest rate*

*on these debts shall be the rate established by the Secretary of the Treasury, for the period affected, under Pub. L. 92-41. In the case of a debt arising from a price reduction for defective pricing or a CAS noncompliance, interest will continue to accrue from the date of overpayment by the Government until repayment by the contractor at the rate established by the Secretary of the Treasury, for the periods affected, under 26 U.S.C. 6621(a)(2) (FAR 32.610(b) (reference (f))). In all cases, interest and penalties should not be included in bottom line settlements, but should be separately identified, through a specified date, for comptroller officials. In accordance with subsection B.8. of Chapter 33 of DoD 7220.9-M (reference (i)), when management determines that resources should be recovered from a defense contractor and the contracting officer issues a demand for payment, a receivable shall be recorded and collection action initiated as soon as possible. Also, in accordance with paragraph E.3.a. of Chapter 33 of reference (i), all interest and penalties assessed on contract debts are to be identified separately and deposited directly to the U.S. Treasury.*

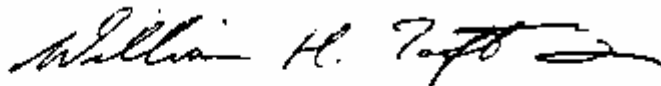

6.7. Coordination with Other Agencies. The cognizant contracting office responsible for acting on contract audit reports that affect contracts of other Government Agencies shall inform affected organizations of such actions.

## 7. INFORMATION REQUIREMENTS

The reporting requirements of this Directive have been assigned Report Control Symbol DD-IG(SA)1580.

## 8. EFFECTIVE DATE AND IMPLEMENTATION

This Directive is effective immediately. Forward one copy of implementing documents to the Inspector General, Department of Defense, within 120 days.

William H. Taft, IV  
Deputy Secretary of Defense

## E2. ENCLOSURE 2

### DEFINITIONS

E2.1.1. Adverse Opinion Report. An audit report containing the statement that the contractor's proposal is not acceptable as a basis for negotiation of a price.

E2.1.2. Closed Audit Report. An audit report that has been dispositioned by the contracting officer and closed for follow-up tracking purposes. See the definition for Disposition of Contract Audit Reports at E2.1.7., below.

E2.1.3. Contract Audit Report. The contract auditor's written advice to a contracting officer advocating specific action on the part of the contracting officer or contractor and/or including highly qualified or adverse opinion information. An audit report could include amounts questioned or disapproved, exceptions to a contractor's system or operations (usually expressed in terms of cost avoidance), recommended price adjustments, or notification of a contractor's noncompliance with cost accounting standards. *Contract audit reports include CIPRs issued by the DLA. (See subparagraph 6.3.1.3. of this Directive.)*

#### E2.1.4. Costs Questioned

E2.1.4.1. The amount questioned in the audit report that the reporting contracting officer or auditor has responsibility and authority to disposition. Audit reports on final indirect cost rates (overhead) will typically have costs questioned relating to corporate allocations and costs questioned relating to corporate allocations and costs questioned relating to divisional expenses. *The divisional ACO should report only the amount questioned pertaining to division expenses that he or she is responsible for negotiating, and the corporate ACO should report the costs questioned at the corporate level that he or she is responsible for negotiating.* Each contracting officer should report the total amount questioned subject to negotiation AT THAT LEVEL, regardless of contract mix or percentage of commercial business.

E2.1.4.2. All costs set aside as "unsupported," qualified and/or adverse opinion amounts unless such amounts are disclaimed by the auditor because of requested assist audits or need for technical evaluation. Such amounts are not to be reported by the contracting officer until the assist audit and/or technical evaluation is incorporated by a supplemental report. At time of receipt, the amount questioned and the report date shall be revised for correction in the next semiannual report.

E2.1.4.3. Costs monetized as a result of a technical evaluation that are INCORPORATED into the audit report.

E2.1.4.4. *For cost accounting standards cost impact audits, report the total amount of the cost impact estimated by the auditor.*

E2.1.5. Costs Questioned Sustained. *That portion of costs questioned by the* auditor upheld as a result of actions taken by either the contractor or the contracting officer.

E2.1.6. Disclaimed Opinion Report. Any audit denying the validity of a proposal when the scope of audit was so restricted that an audit opinion cannot be justified.

E2.1.7. Disposition of Contract Audit Reports. Contract audit report disposition is achieved when:

E2.1.7.1. The contractor implements the audit recommendations or the contracting officer's decision; or

E2.1.7.2. The contracting officer negotiates a settlement with the contractor and a contractual document has been executed; or

E2.1.7.3. The contracting officer issues a final decision pursuant to the Disputes Clause, and 90 days elapse without contractor appeal to the Armed Services Board of Contract Appeals (ASBCA). Should the contractor appeal the United States Court of Federal Claims *within 12 months* after final decision, the audit must be reinstated as an open report in litigation; or

E2.1.7.4. *A decision must be rendered on an appeal made to the ASBCA or United States Court of Federal Claims* and any corrective actions directed by the Board or Court have been completed and a contractual document has been executed; or

E2.1.7.5. Audit reports have been superseded by, or incorporated into, a subsequent report; or

E2.1.7.6. Any corrective actions deemed necessary by the contracting officer have been taken, so that no further actions can be reasonably anticipated.

In addition, *divisional overhead audit reports* may be considered dispositioned when the contracting officer has negotiated all local issues with the contractor and a written agreement detailing the results of the negotiations has been signed by both the contracting officer and the contractor and distribution has been made to *DCAA; and cost accounting standard noncompliance reports may be dispositioned when the audit reports on the related cost impact statements are received by the contracting officer*, when required.

E2.1.8. Highly Qualified Opinion Report. Qualified audit reports vary according to circumstances, but typically indicate a significant inadequacy in the cost or pricing data, denial of access to records, or noncompliance with cost accounting standards or

acquisition regulation. For the purposes of follow-up coverage under this Directive, the audit report must specifically say that the results of audit are HIGHLY qualified.

E2.1.9. Litigation. *An audit report is considered to be involved in litigation any time an appeal has been filed with the ASBCA, the United States Court of Federal Claims or any other Federal or State court concerning matters dealing with a specific contractor identified in the report. An audit report is also considered to be involved in litigation whenever the Government appeals a decision of the ASBCA, the United States Court of Federal Claims, or any other court, or there is other ongoing judicial action that has bearing on matters or issues identified in the report.*

E2.1.10. Open Audit Report. *An audit report that has not been dispositioned.*

E2.1.11. Original Audit Report Date. *The date of the original audit report that first identified any issue that is still open and included in a superseding or supplemental audit report.*

E2.1.12. Overage Audit Report. *An audit report that has not been dispositioned and is over 12 months old (from date of issuance) on the closing date of the semiannual reporting periods ending March 31 and September 30.*

E2.1.13. Reports Involved in Investigation. *An audit report is considered to be involved in an investigation when deferral of resolution or disposition action has been requested by an investigative agency of the U.S. Government.*

E2.1.14. Resolution

E2.1.14.1. *The point at which the auditor and the contracting officer agree on the action to be taken on audit report findings and recommendations and/or qualifications; or, in the event of disagreement, when the contracting officer determines a course of action after following the DoD Component pre-negotiation documentation and review procedures.*

E2.1.14.2. In the case of auditor-determined final indirect cost rates, resolution is achieved when an agreement is reached between the auditor and the contractor, or when agreement cannot be reached, a decision is rendered by the cognizant ACO after obtaining additional review, if required.

E2.1.14.3. For pre-award audits, the point at which agreement is reached, a proposed negotiation objective is modified during review, a contract price negotiated, or proposed award canceled, whichever occurs first. *Resolution must be supported by specific written documentation in the file.*

E3. ENCLOSURE 3

FOLLOW-UP STATUS REPORTS

RCS DD-1G(SA)1580

E3.1.1. The reports shall provide the information detailed in subparagraph 6.3.4. of this Directive. All listed reports shall be tracked and reported through final disposition.

E3.1.2. Each acquisition and contract administration contract audit follow-up official shall submit a semiannual status report in the attached format. Summary reports for the DoD Components shall be submitted to the IG. The reports shall cover the semiannual periods ending March 31 and September 30 and shall be submitted within 30-calendar days after the end of the period. Items shall be removed from the tracking and reporting system in the period following that in which they appeared on the status report as being closed.

E3.1.3. Each reporting activity shall cite the appropriate activity address number *or DoD Activity Address Code (DODAAC)* on the line requiring DoD Component. The activity address numbers are listed in *Appendix G of DFARS* (reference (g)). Activities not assigned a number shall report by organization and address. DoD Components reporting via an automated system may satisfy this requirement using their own location codes as long as an explanation is furnished with the submission.

E4. ENCLOSURE 4

*REPORTS SUBJECT TO TRACKING, REPORTING,  
RESOLUTION, DISPOSITION, AND NOTIFICATION REQUIREMENTS*

E4.1.1. Reports Subject to Tracking. All contract audit reports. (For pre-award contract audits, including change order proposals, tracking may be accomplished using records maintained in official contract files.)

E4.1.2. Reports Subject to Tracking and Reporting Requirements of Paragraphs 6.2. and 6.3., Basic Directive

E4.1.2.1. All contract audit reports with findings and recommendations addressing:

E4.1.2.1.1. Estimating system surveys.

E4.1.2.1.2. *Accounting and related internal control system reviews.*

E4.1.2.1.3. Defective pricing reviews.

E4.1.2.1.4. Cost accounting standards noncompliance reviews.

E4.1.2.1.5. *Cost accounting standards cost impact statement reviews.*

E4.1.2.2. Reports that have findings, recommendations, and costs questioned and/or qualified of \$100,000 or more, and that address:

E4.1.2.2.1. Incurred costs.

E4.1.2.2.2. Settlement of indirect cost rates.

E4.1.2.2.3. Final pricing submissions.

E4.1.2.2.4. Termination settlement proposals.

E4.1.2.2.5. Equitable adjustment claims.

E4.1.2.2.6. Hardship claims.

E4.1.2.2.7. Escalation claims.

E4.1.2.2.8. *Operations reviews.*

E4.1.2.3. *All Contractor Insurance/Pension Reviews containing instances of CAS noncompliances and all Contractor Insurance/Pension Reviews with reported costs questioned of \$100,000 or more.*

E4.1.3. Reports Subject to Resolution. All contract audit reports.
